Dr. Richard Fuller

*Practice tests only,
are available for a cost of \$30 per test*

Dear Parent/Guardian:

Dr. Richard Fuller's Coaching Service, Ltd. announces the SAT/PSAT, Critical Thinking & Study Skills, and Algebra 1 Training programs. These courses will not only help prepare all students for school examinations, but will also cover general test-taking strategies relevant to standardized testing.

The SAT/PSAT course has been designed to meet the needs of all students preparing high school. Moreover, freshmen and sophomores will also benefit by becoming aware of areas that require additional attention when preparing for the SAT/PSAT exam. Students will have the opportunity to take a full-length pre SAT/PSAT test that will diagnose the areas of need for each student. Both verbal and mathematical homework will be assigned for each successive daily session. After the training, all students will take a post-test to determine the effectiveness of the training and to determine what additional concerns should be addressed in the future. There is a maximum student:teacher ratio of 8:1 in mathematics, so that each student receives a more personalized training regimen.

In the Critical Thinking & Study Skills course, your child has the opportunity to learn the study skills and critical thinking techniques that will improve their learning and cognitive functions for all educational environments. This college preparatory course has been successfully taught in college classrooms to prepare students for the rigors of college studies. College is 90% reading comprehension. This course not only addresses the vital concept of reading comprehension, but also prepares students for all standardized reading examinations such as the PSAT/SAT, ACT, PSSA, HSPT, COOP, SSAT, ISEE, etc.

The Algebra 1 course has been designed to meet the needs of all students preparing to take the Algebra I in the coming year. Algebra I is the basis for all future mathematics courses from high school level through college courses. A strong foundation obtained in this course allows your child to be better prepared for all future mathematics courses. A uniquely small student to teacher ratio (8:1) enables our highly-trained staff to work in smaller groups so that each child can progress at his/her own speed. Alg 2, Geo, Pre-Cal & Cal also available call for details.

To Register:

Interested students should complete the registration form. Both the completed registration form and a check are requested to enroll in this course. If you want the student to take only the practice test, then the cost is \$30.00 per test.

** If you have already taken this course and have paid the FULL PRICE, then you can retake the entire course at a later date for \$300.00. When a student retakes the full course, they will experience different problems that will address more advanced concepts. All checks should be made payable to Dr. Richard Fuller and mailed to this address:

Cost: \$575

SAT/PSAT Training

Content:

- * A full-length pre-test that will provide a diagnosis of the students strengths & weaknesses.
- * Specific training in the verbal & mathematical concepts needed for the SAT/PSAT.
- * Coverage of content area & test-taking strategies relevant to scoring well on the SAT/PSAT.
- * Effective strategies for "guessing".
- * Strategies about what questions to concentrate on.
- * A full-length post-test analysis to determine the effectiveness of the training & to identify the student's strengths & weaknesses for comparison with the pre-test.
- * A personalized, diagnostic printout of each student's pre & post test results.

Session Dates & Times:

- * Winter: (Mon.-Fri. 5:30-8:30pm, Sat. 9am-12pm)
Jan 26, 27, 28, Feb. 1, 2, 3, 4, 6, 8, 9, and 10
- * Summer: (Mon.-Sat. 9am-12 pm)
July 12, 13, 14, 15, 16, 19, 20, 21, 22, 23, & 26 (tentative)
- * If you have already taken the course, then to retake the course for a second time is only \$300.00 for another 35 hours of training.

Study Skills & Critical Thinking

Study Skills Lectures

- * Time Management
- * Reading Comprehension
- * Test Anxiety & Test-taking Strategies
- * Listening Skill for Lectures
- * Note Taking Skills

\$525

Course Materials

- * College textbook
- * Special Critical Thinking Packets
- * Mensa tests & exercises
- * College Placement Exams
- * Special reading packets

Grades
8-12

Student Will:

- * Be trained in their own textbooks so they will increase their understanding of the subject.
- * Have a "hands on" practice with the books they will utilize in the upcoming school year.
- * Increase reading rate & correct ineffective reading habits
- * Develop critical thinking skills by utilizing Bloom's Taxonomy, Aristotle's didactics, & "Mensa" type activities.
- * Be able to write outline & summaries
- * Be trained for major standardized tests, such as: PSAT/SAT, ACT, PSSA, HSPT, COOP, SSAT & ISEE, etc.

~Class Dates: July 12, 13, 14, 15, 16, 19, 20, 21 & 22~

~Class Times: Mon.-Sat. 9am-12pm~

~Check (\$525) payable to Dr. Richard Fuller is required with application ~

Algebra 1 Training

Content:

- * Work with Kennedy Kenrick teacher(s) prior to beginning of school year.
- * Meet other incoming freshmen.
- * Learn how to process information on a scientific calculator.
- * Solve equations & inequalities.
- * Evaluate & simplify various types of algebraic expressions.
- * Learn graphing techniques & the relationship with equations.
- * Get a head start on Algebra I prior to high school
- * There will be take-home tests to determine strengths & weaknesses.
- * Teacher to student ratio, 8 to 1.

Only
\$425

Course Materials:

- * Introductory Algebra: An Applied Approach issued to students
- * Casio fx-270w Scientific Calculator given to each student to keep
- * Take-home tests distributed to students to evaluate themselves

Grades 5-9

~Class Dates: July 12, 13, 14, 15, 16, 19, 20, 21, 22 & 23~

~Class Times: Mon.-Sat. 9:30am -12pm~

****For an additional \$125, your child can have an extra 90 minutes of Algebra training****

Alg 2, Geo, Pre-Cal & Cal also available grades 8-12 call for details

****This class will begin at 8am****

****Please make check (\$550) payable to Dr. Richard Fuller along with required application****
